The original pattern failed to acknowledge that Unit A, B and C require (2) of the (4) sets to be REVERSED. Please see corrected version below:

**Unit A:** Make (4) - Unfinished Size is 4" x 21½"

Place **F3** 4" squares, right sides together, on corners of **F2** 4" x 21½" strip. Sew on diagonal, as shown. Trim corners, ¼" from seam line on red arrow side. Press **F3** towards corner. Make (2) top diagram, and (2) lower diagram (reversed)

**Unit B and C:** Repeat process for **Unit A**, one corner only.

**Unit B:** Make (4) - (reverse 2nd two)  
Unfinished Size is 4" x 18"

**Unit C:** Make (4) - (reverse 2nd two)  
Unfinished Size is 4" x 28"

## Quilt Assembly:

**Row 1** - Sew (2) Panels to Center

**Row 2 & 3** - Sew (2) **F2** 3½" x 16½" to Panel. Sew Side Blocks to **F2** sashing strips

Cutting instructions for F2 sashings are correct. Quilt Assembly instructions incorrectly show F2 as 2½" instead of 3½"
